Client Testimonial

I publish *Mosaic Mind, Body and Spirit* Magazine in Alberta, Canada, and in each issue I feature an interview between myself and some of the biggest names in the personal growth field today. Due to the busy schedules of these people, I often only get the interview completed just days before we go to print. In that very tight timeframe, where efficiency and accuracy is critical, TTE Transcripts really shines.

First, their customer service is always exceptional. When I send an e-mail to let them know that I need an upcoming interview transcribed within a certain timeframe, they always answer back promptly, letting me know that they'll fit me in, even if it's on short notice. Then reliably, within a day, I get the whole interview back, transcribed with amazing and accurate skill. Having been a news reporter, I know the work involved in this so I appreciate what they do tremendously!

I'm really so grateful to TTE Transcripts for their service. Knowing that I have them supporting me, behind the scenes, makes my job so much easier.
